DE DOWN

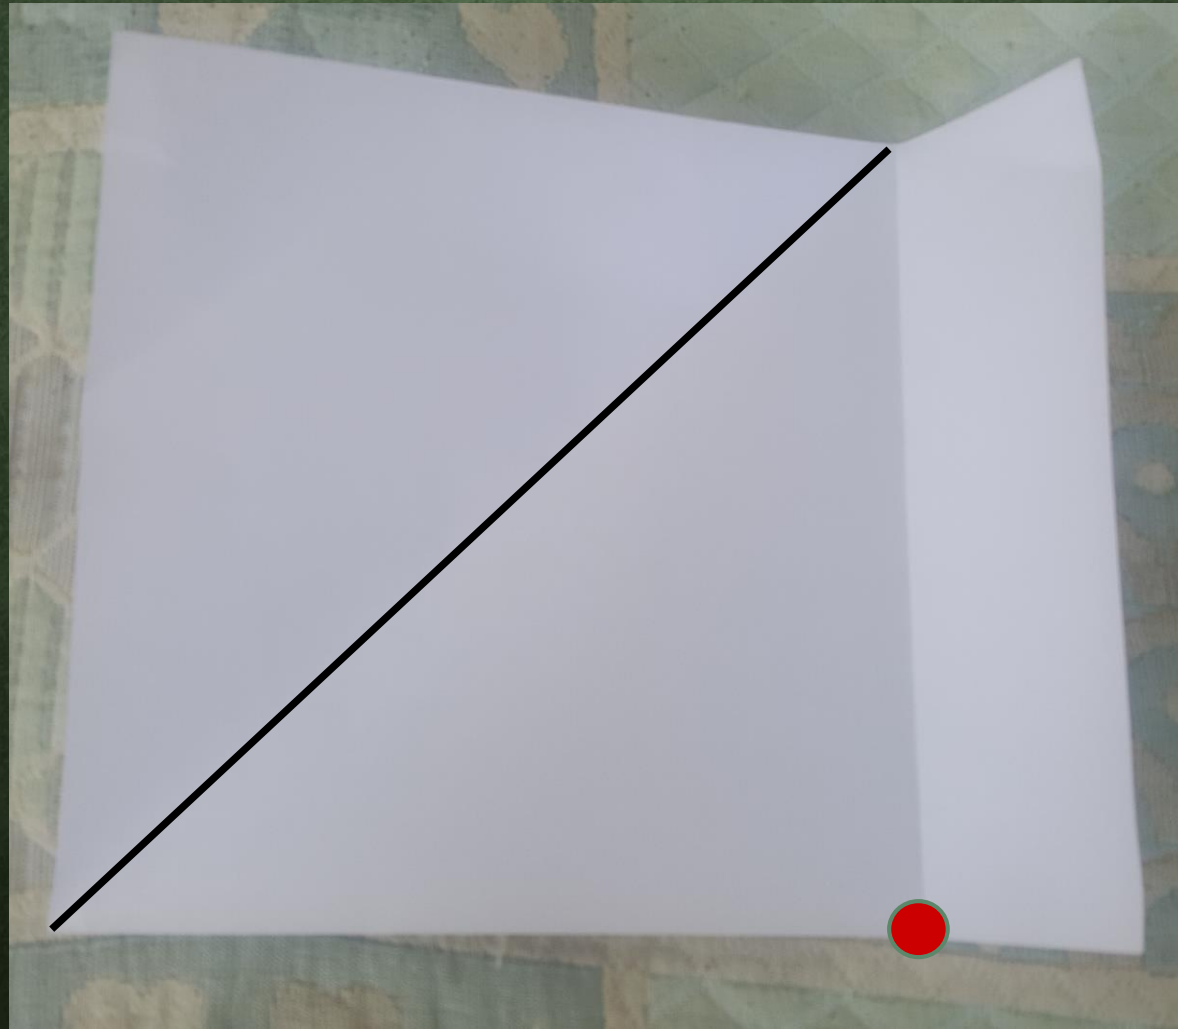

**Hoja tamaño carta en sentido horizontal y
agarrar la punta superior izquierda**

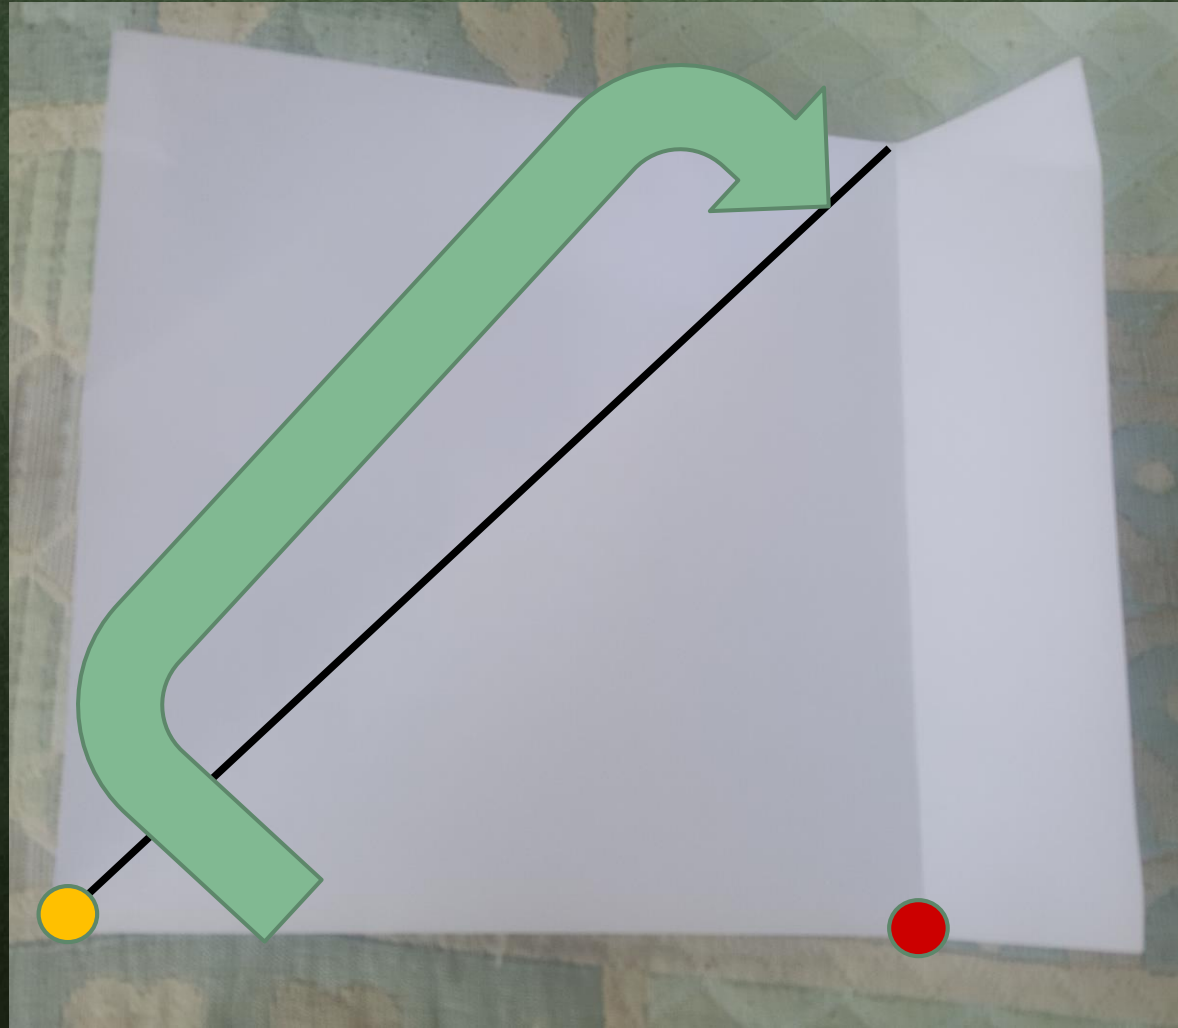

Agarrar la punta superior izquierda y moverla hacia abajo a la derecha

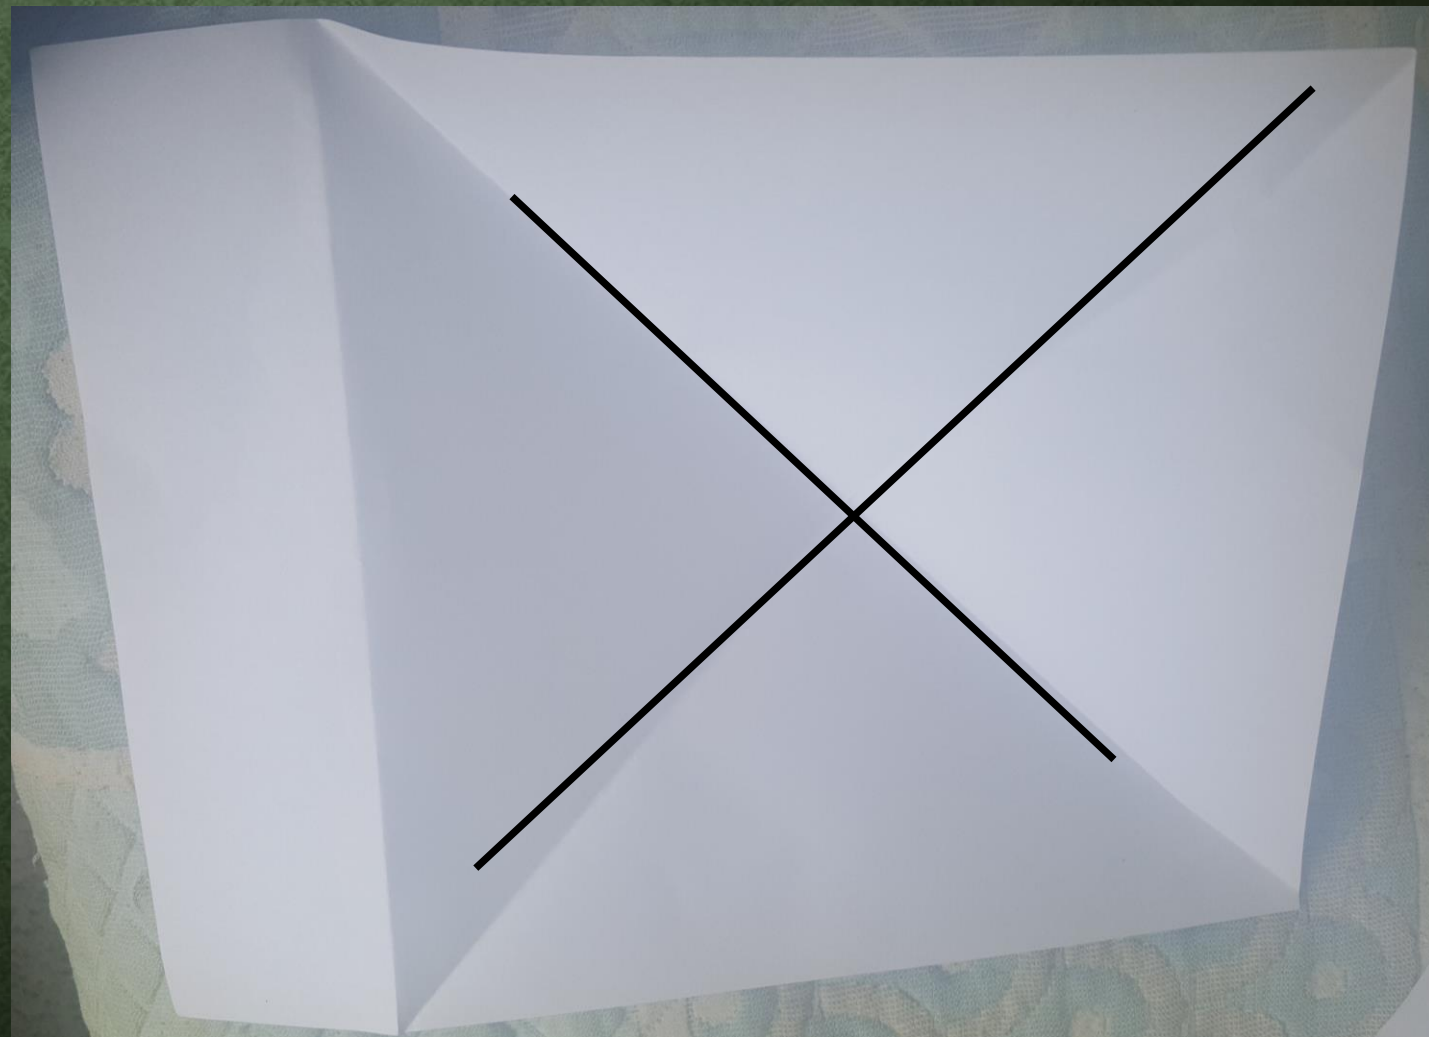

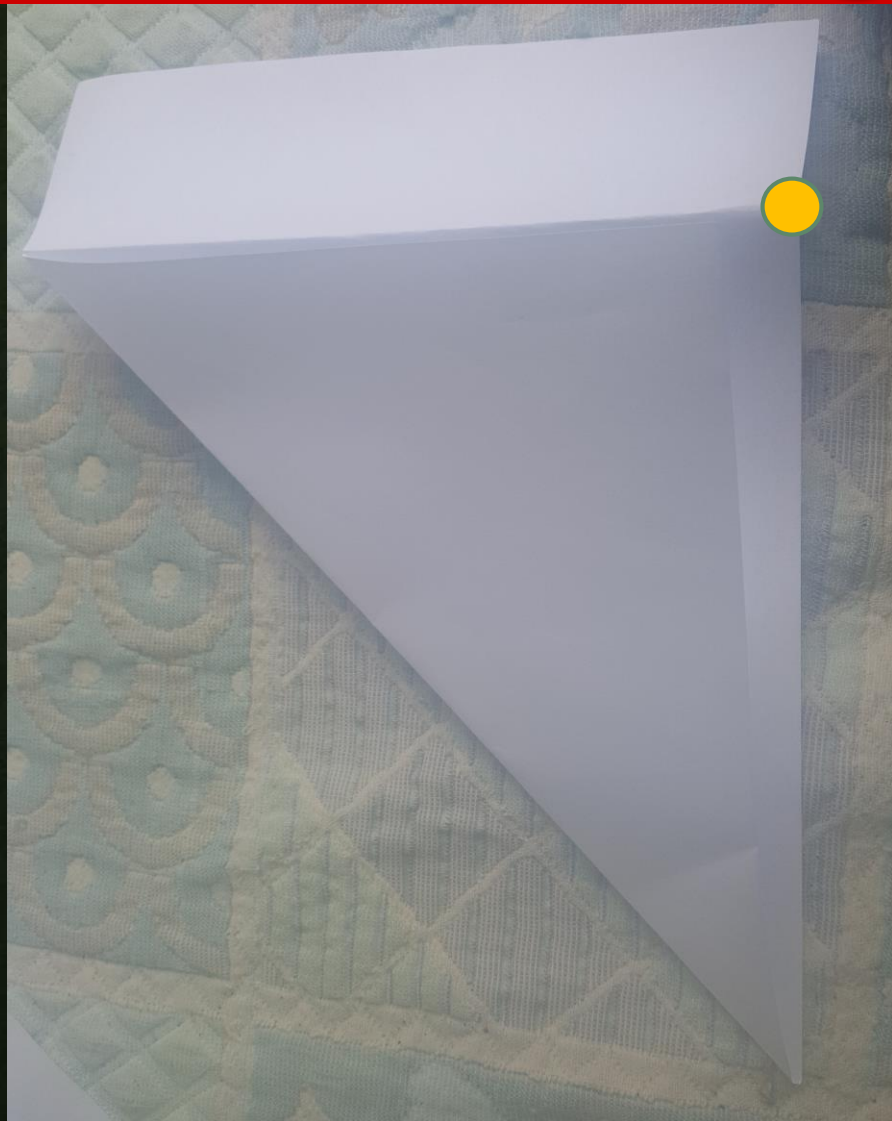

**Doblar la hoja y queda marcado
una diagonal de un cuadrado**

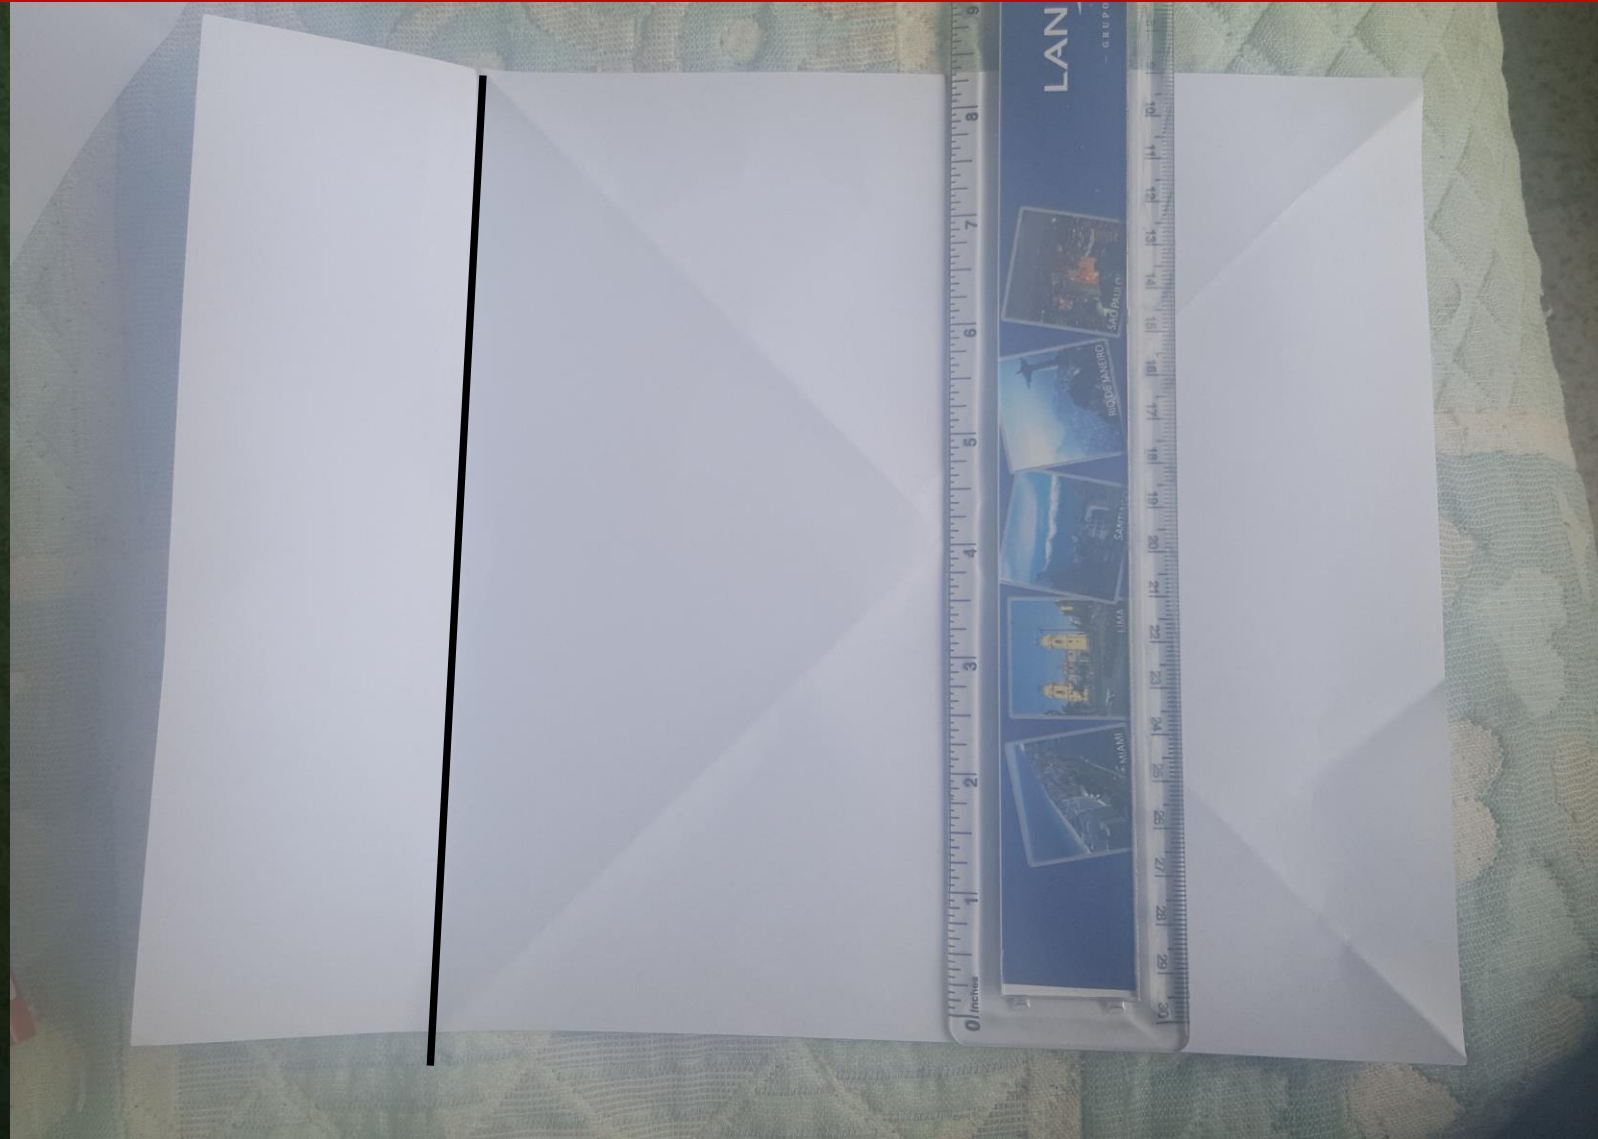

Agarrar la punta inferior izquierda y moverla hacia la derecha arriba.

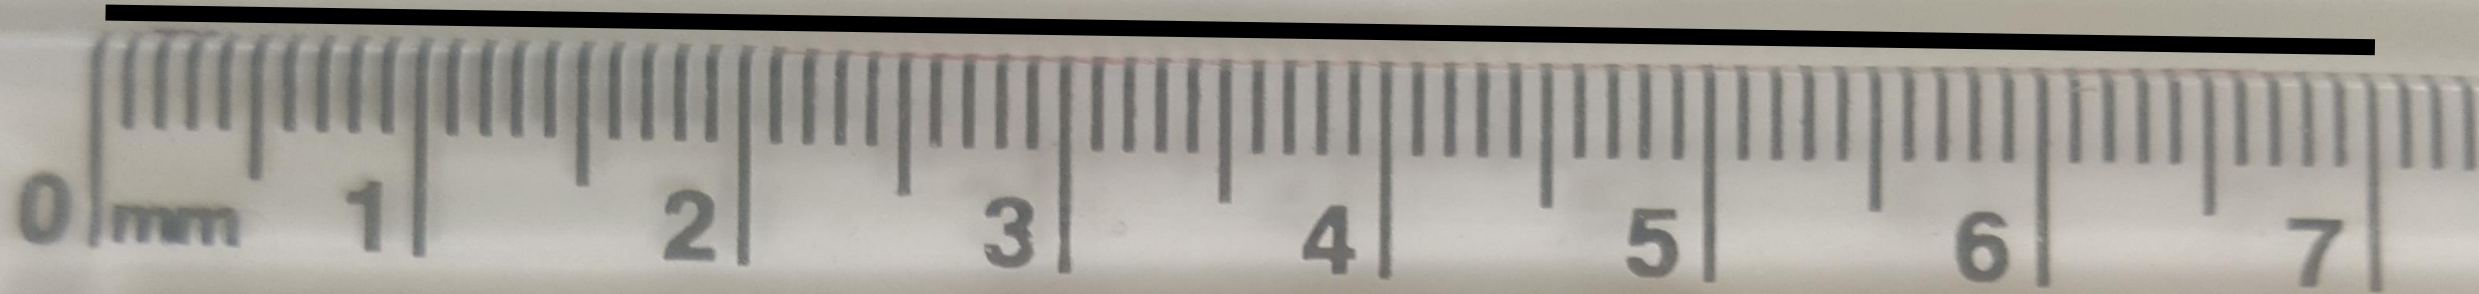

Volver a doblar la hoja y se marcara la otra diagonal del cuadrado.

Ahora recorta el rectángulo que sobra de la hoja y guardalo.

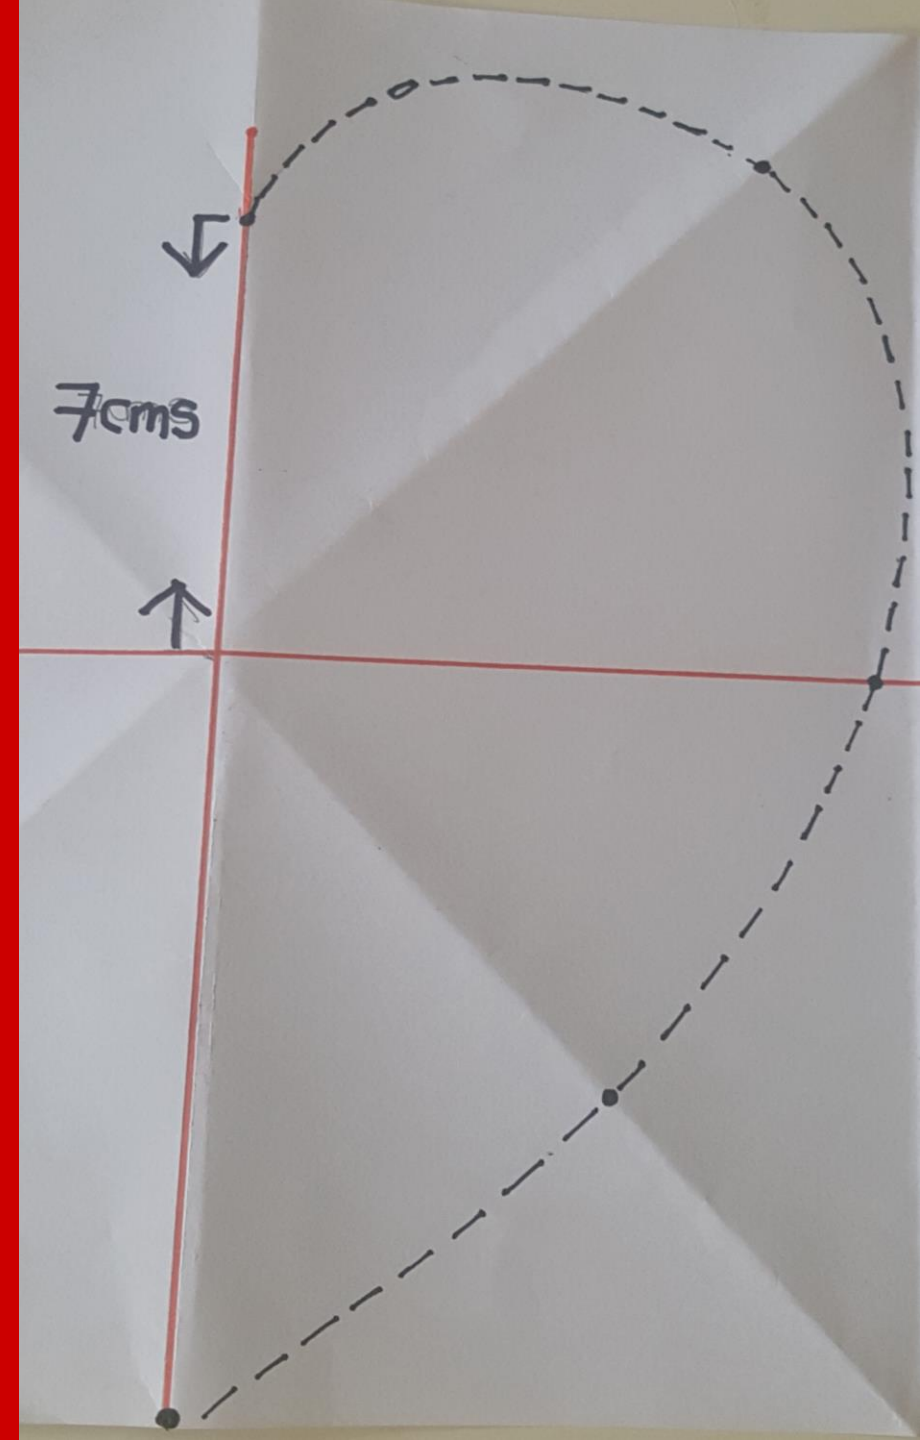

**Ahora toma tu regla y fíjate lo
que son 7 centímetros.**

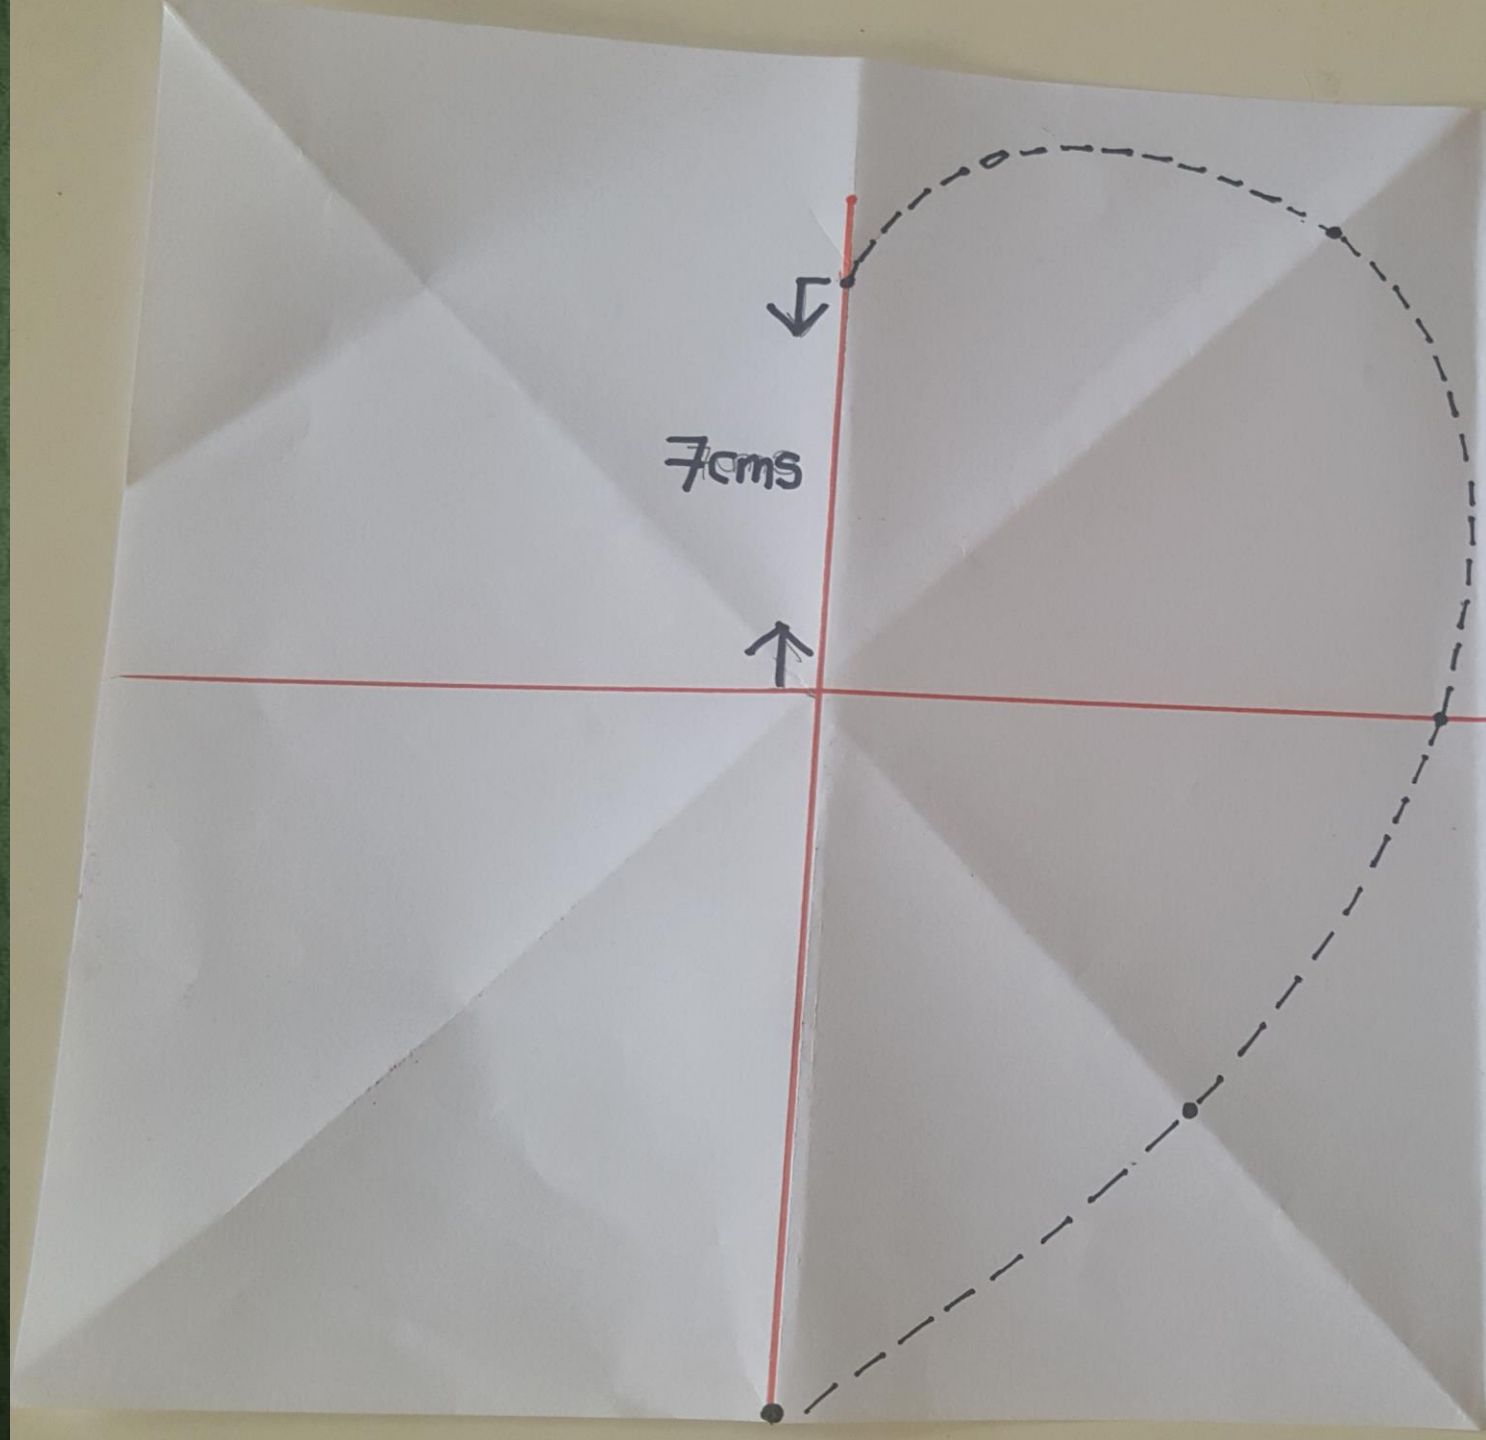

LATAM AIRLINES —

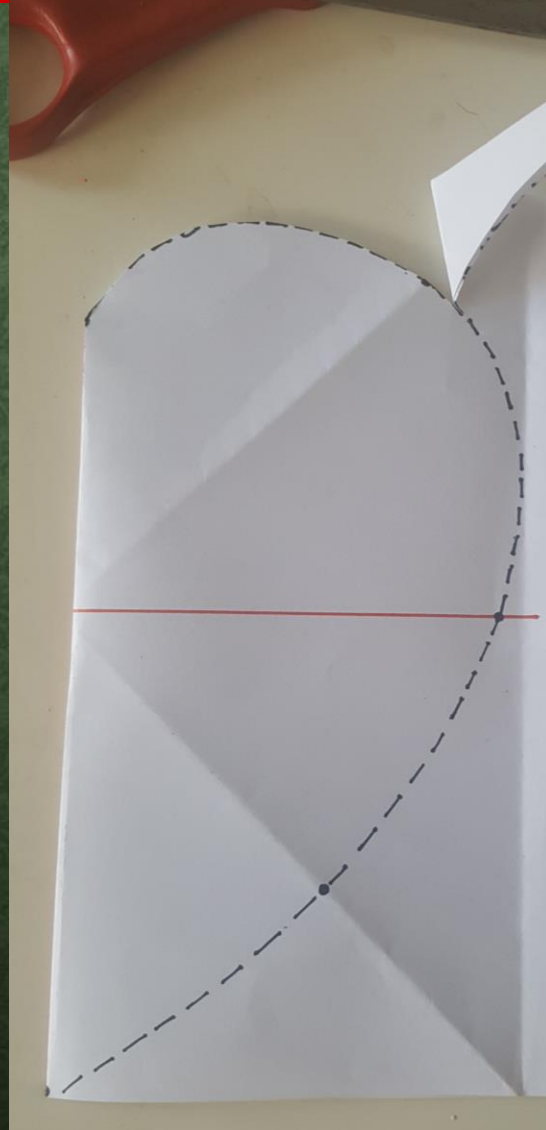

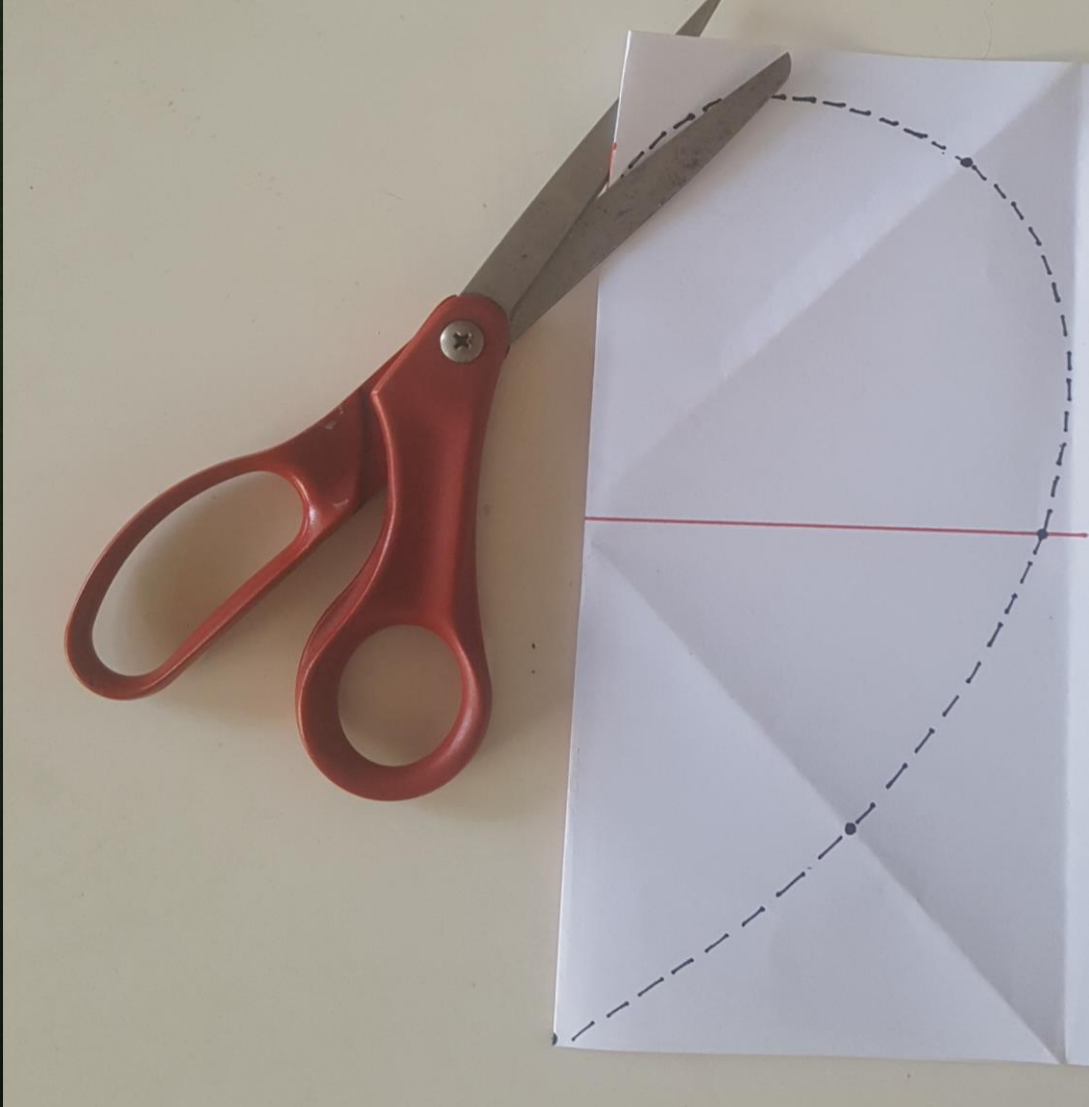

**Desde el centro del
cuadrado hacia
arriba mide 7
centímetros
y desde ahí se
comienza a dibujar
la mitad de un
corazón.**

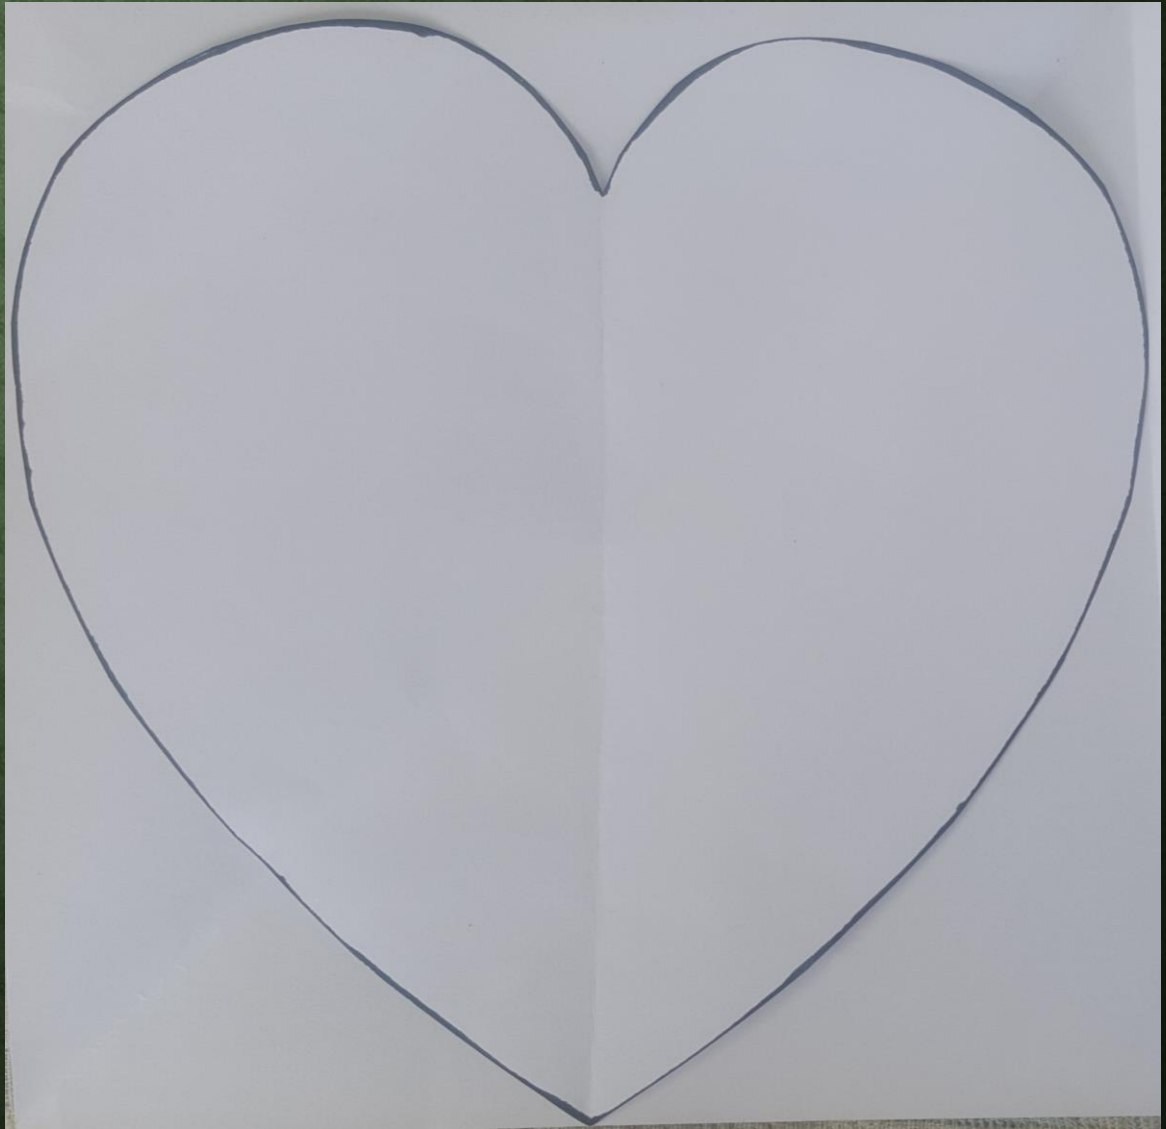

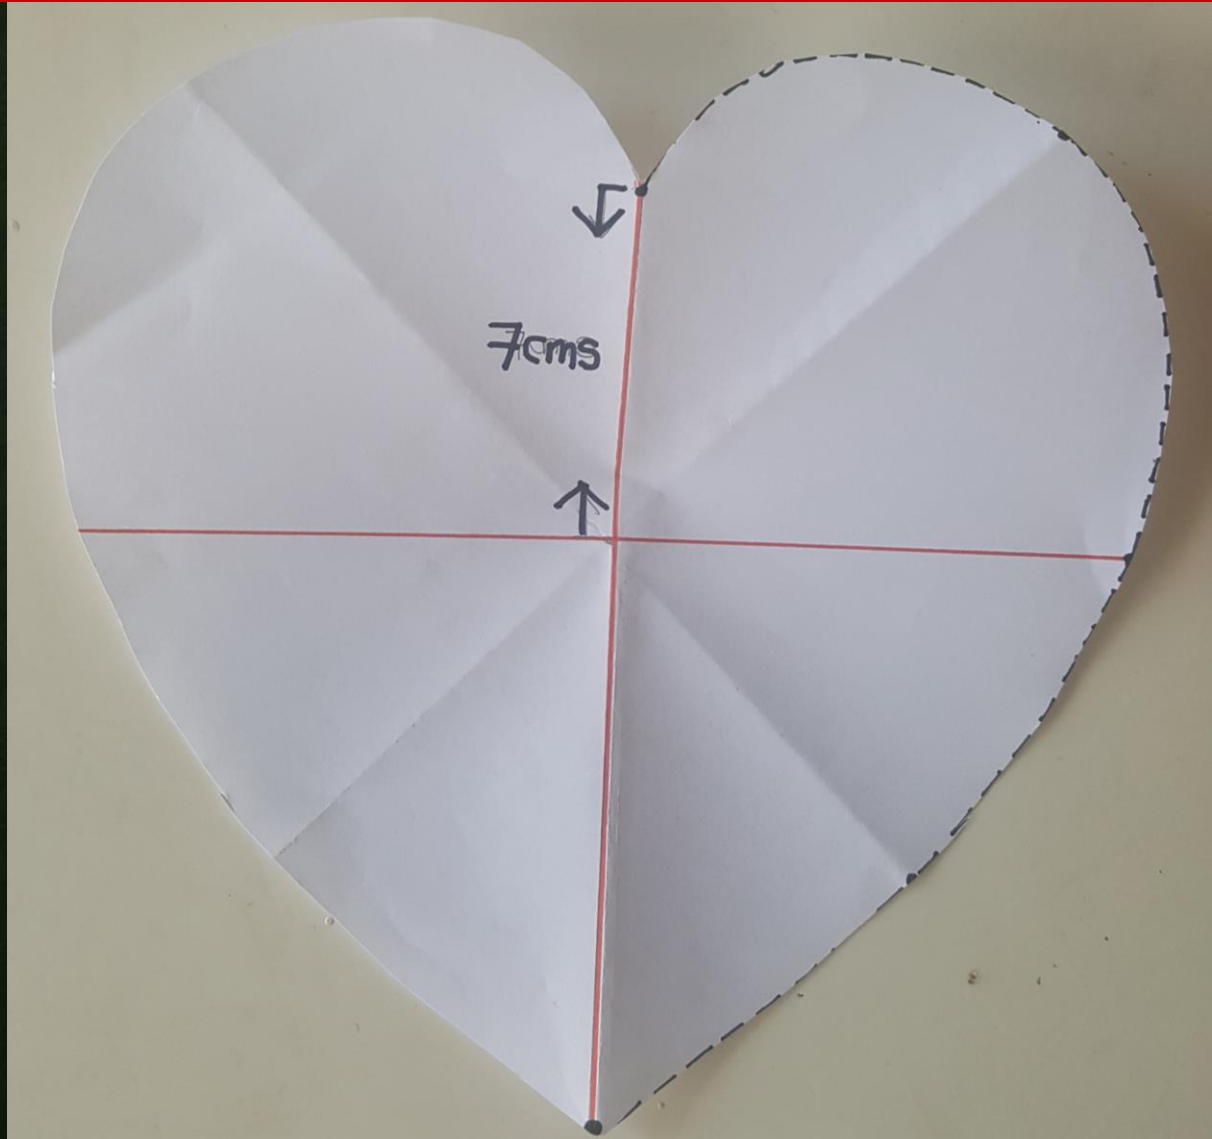

**Así debe
quedar!!.**

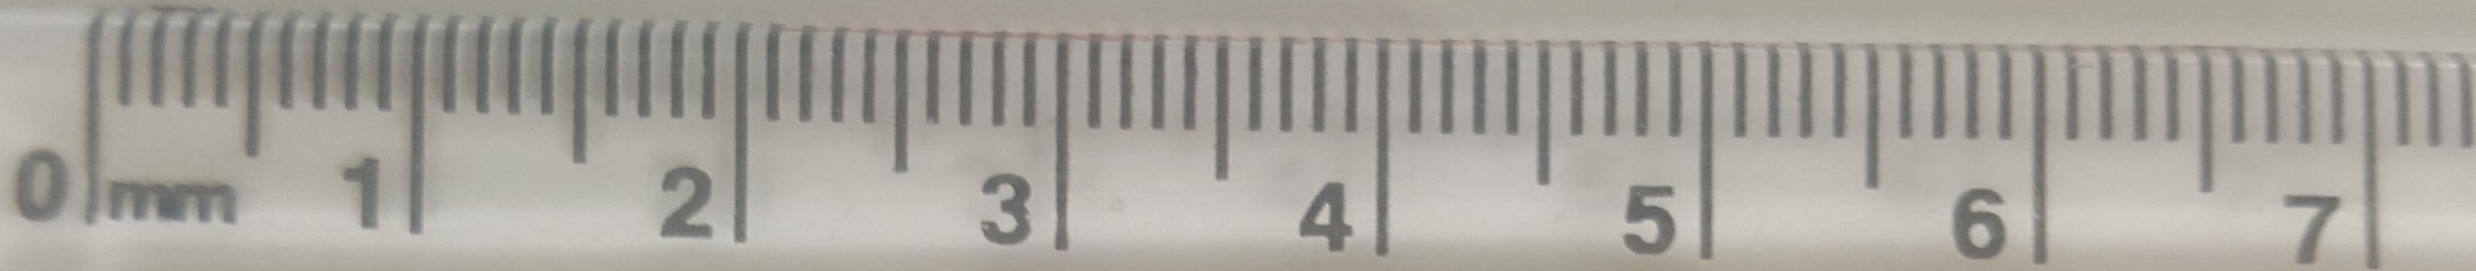

Dobla la hoja por la mitad que quede atrás para luego recortar esa mitad del corazón.

Desdobra la hoja y tendrás el corazón completo.

Ahora toma tu regla.

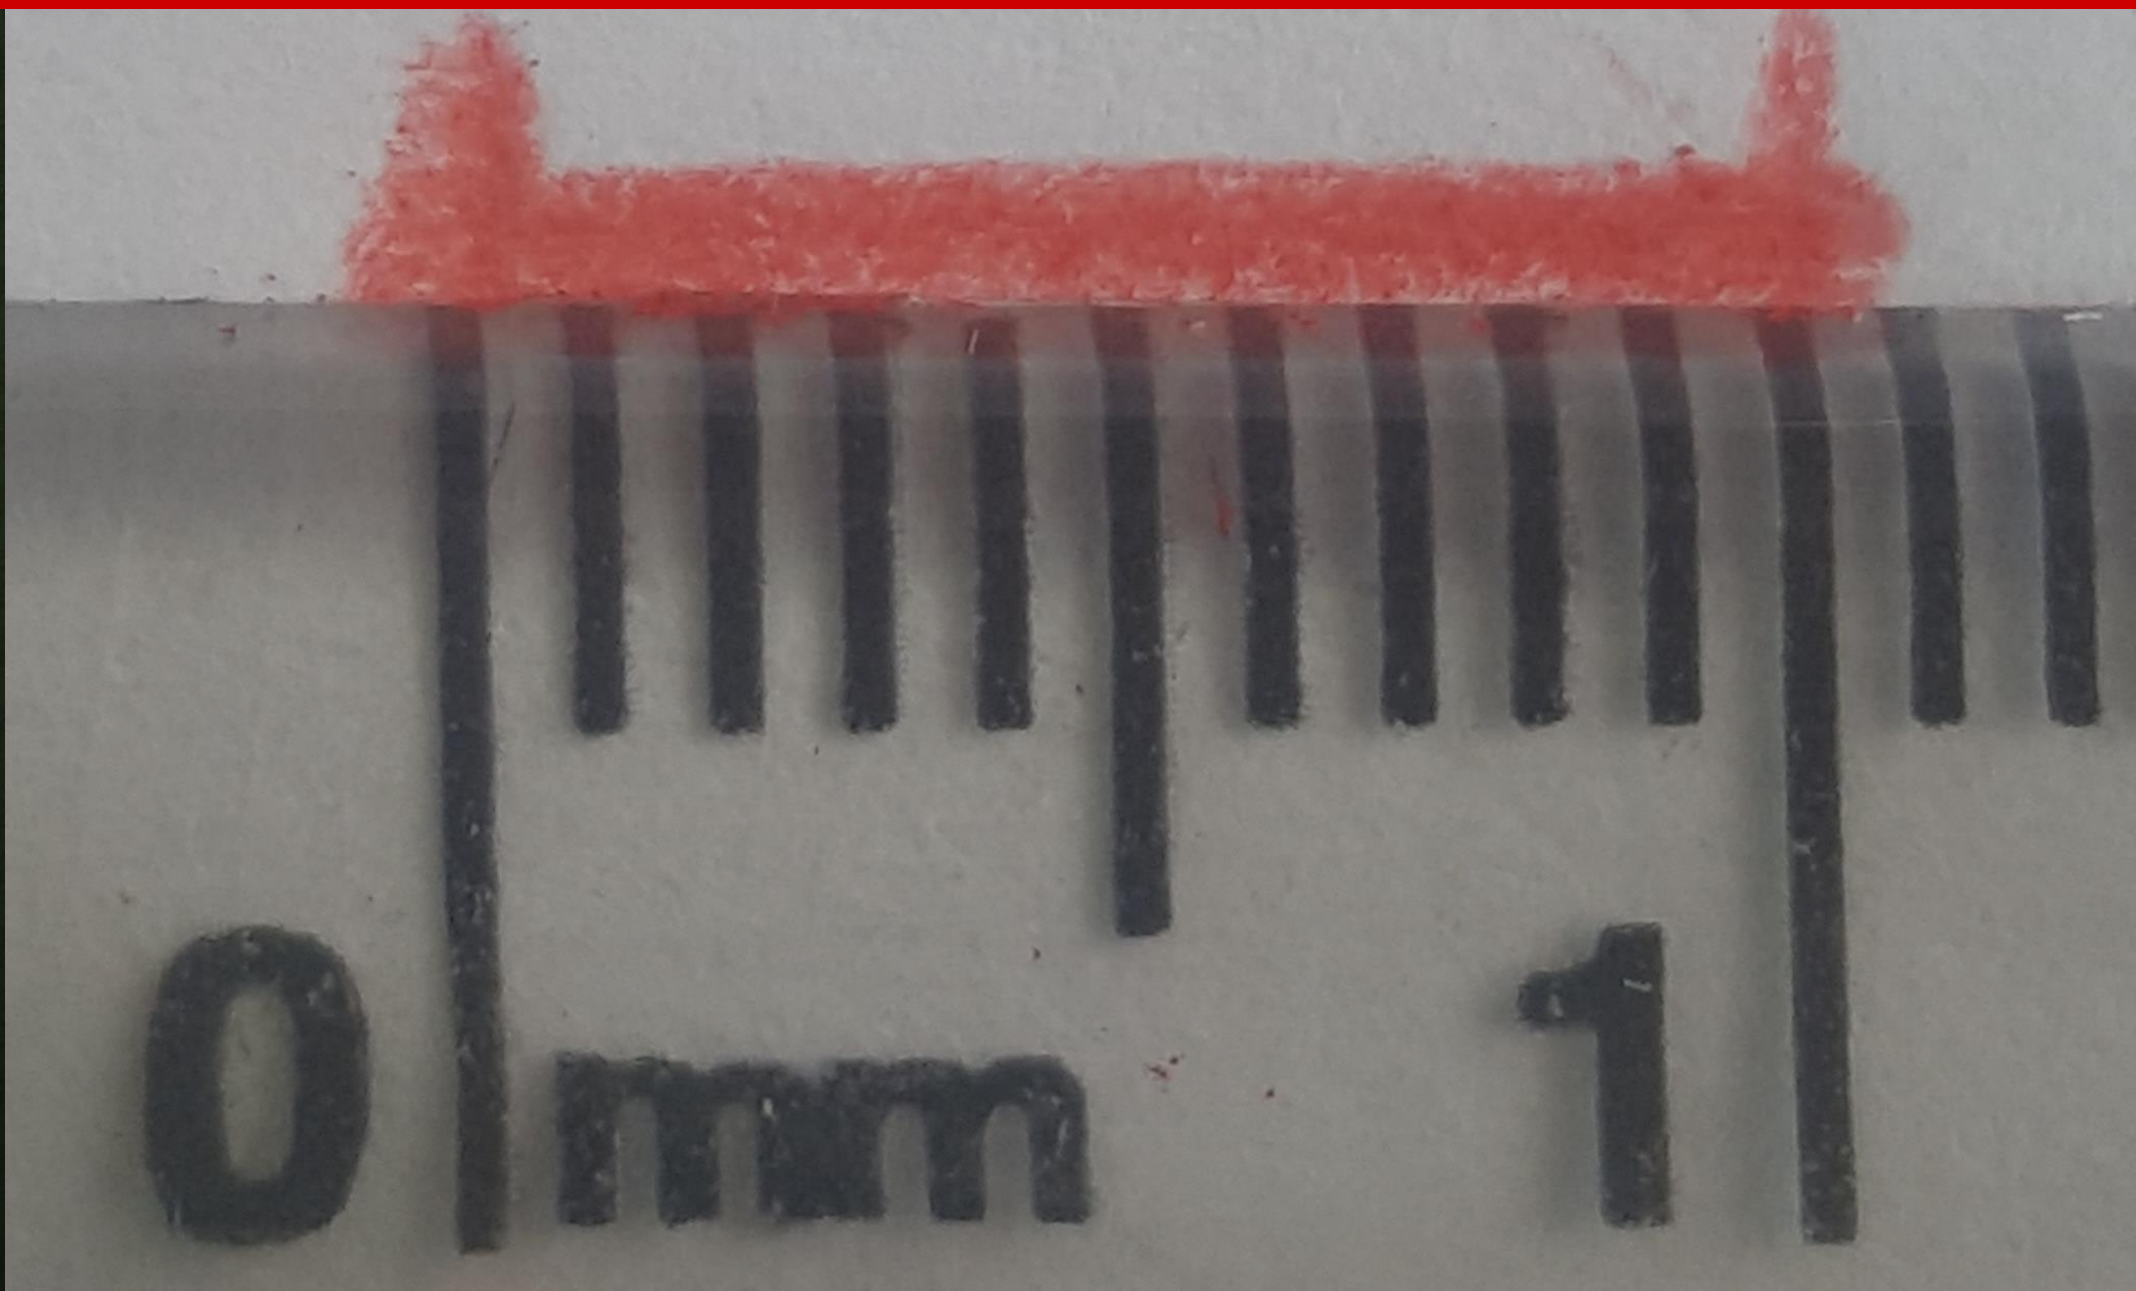

LATAM AIRLINES —

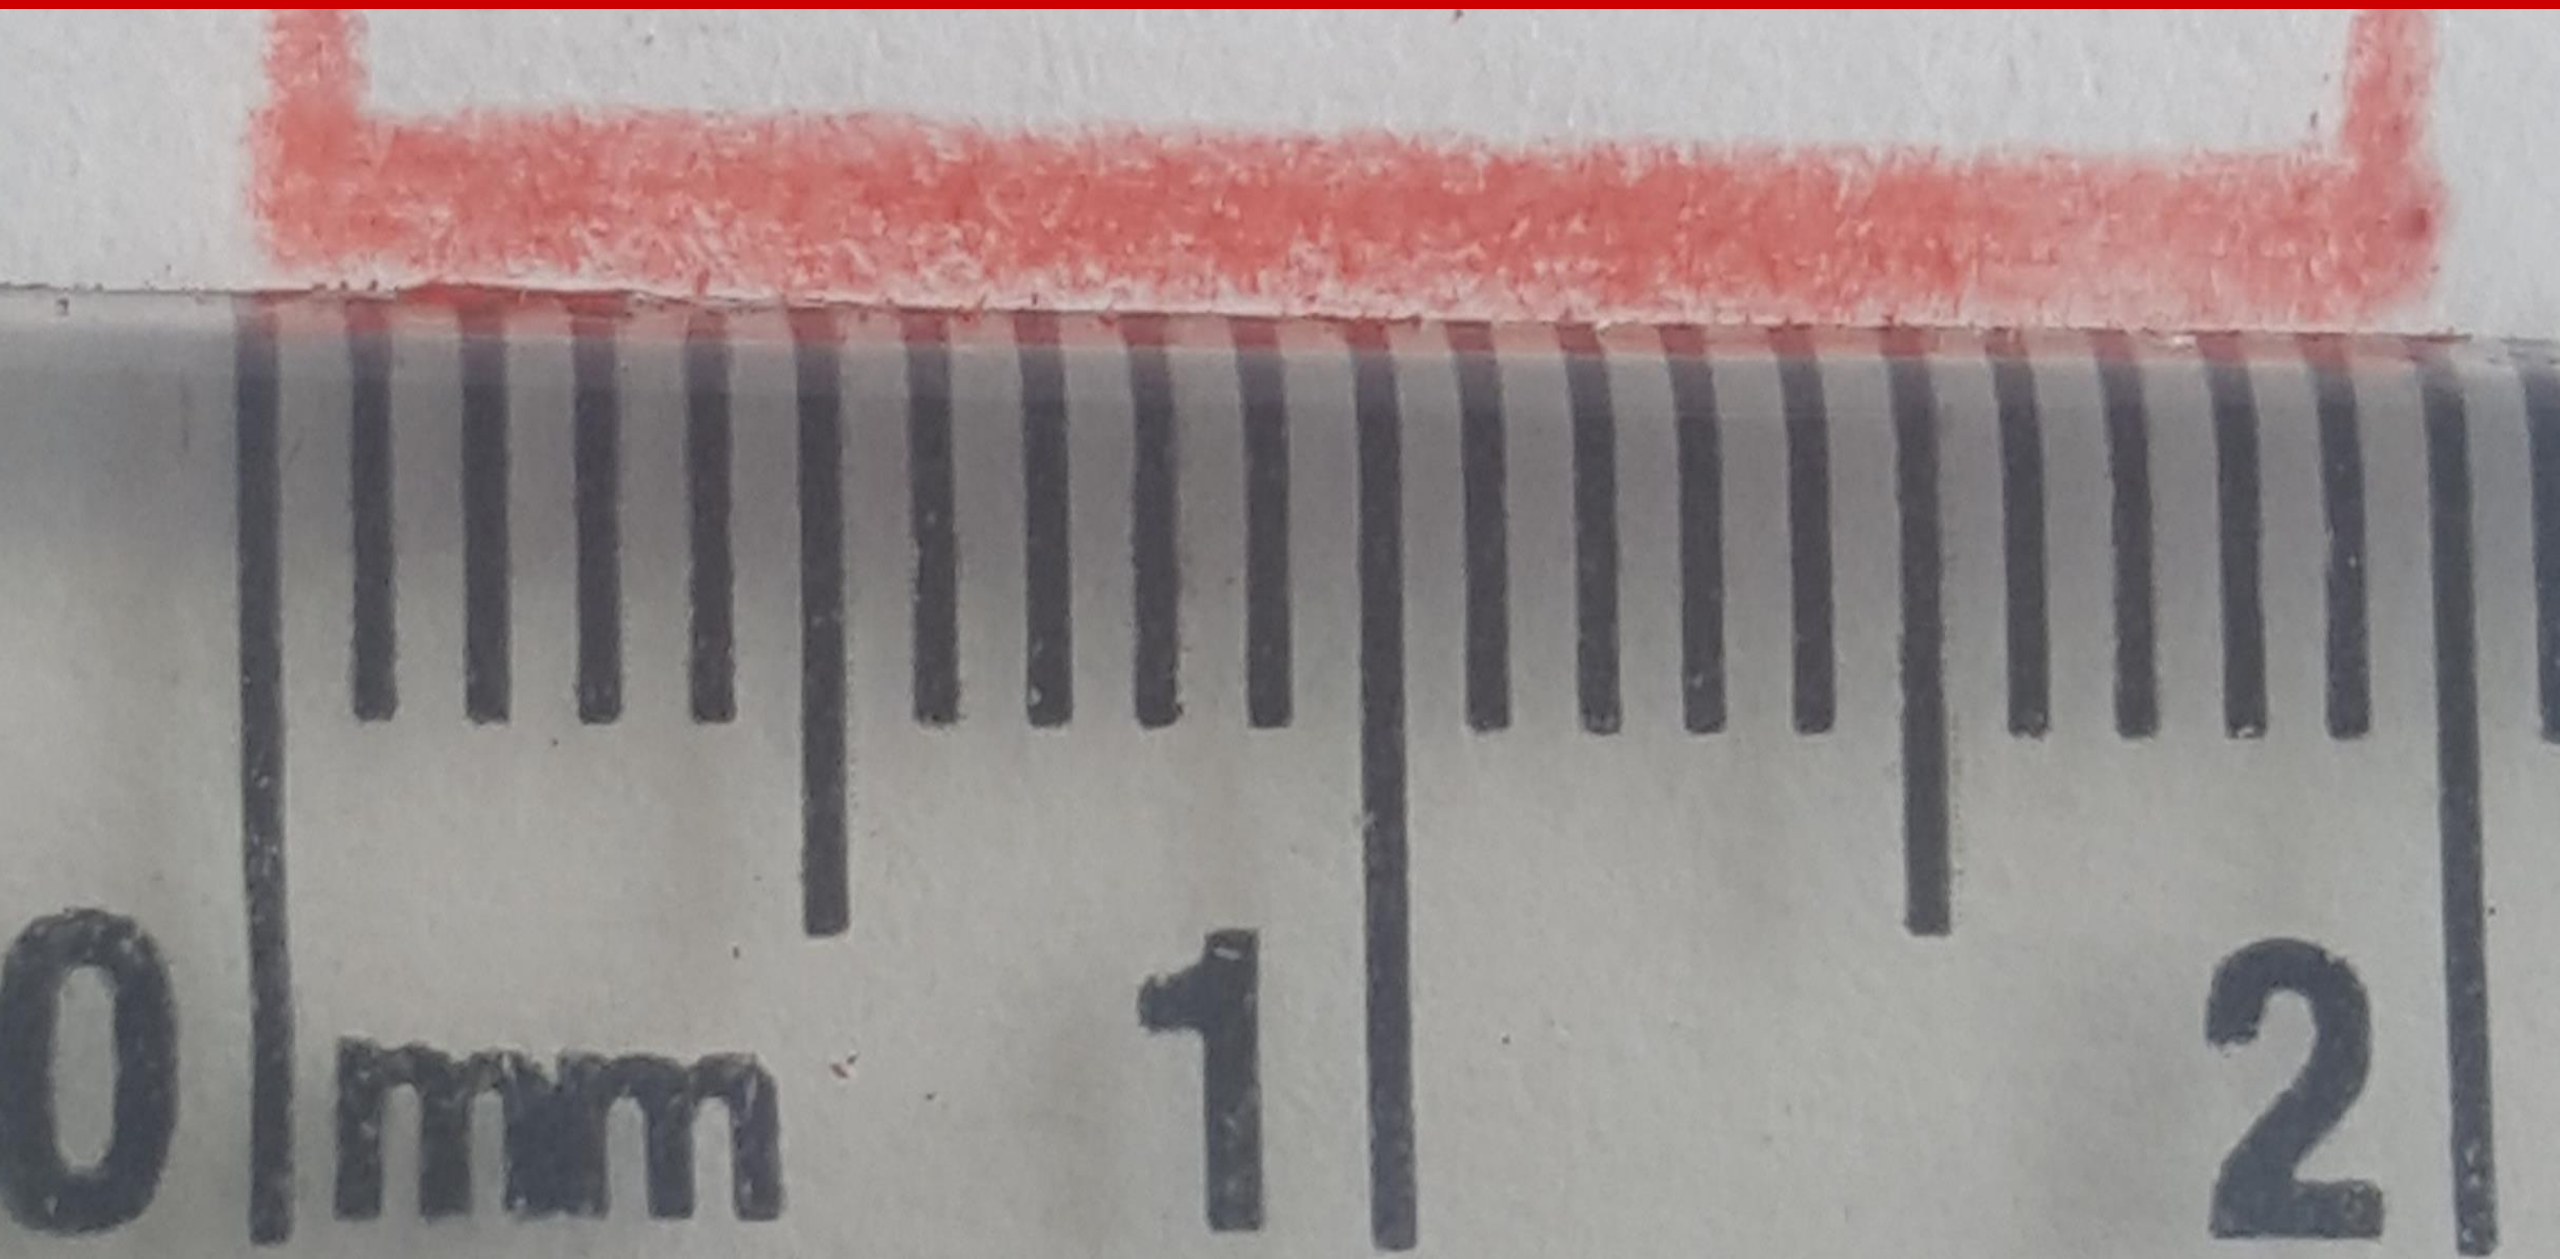

Esto es medio centímetro 1/2.

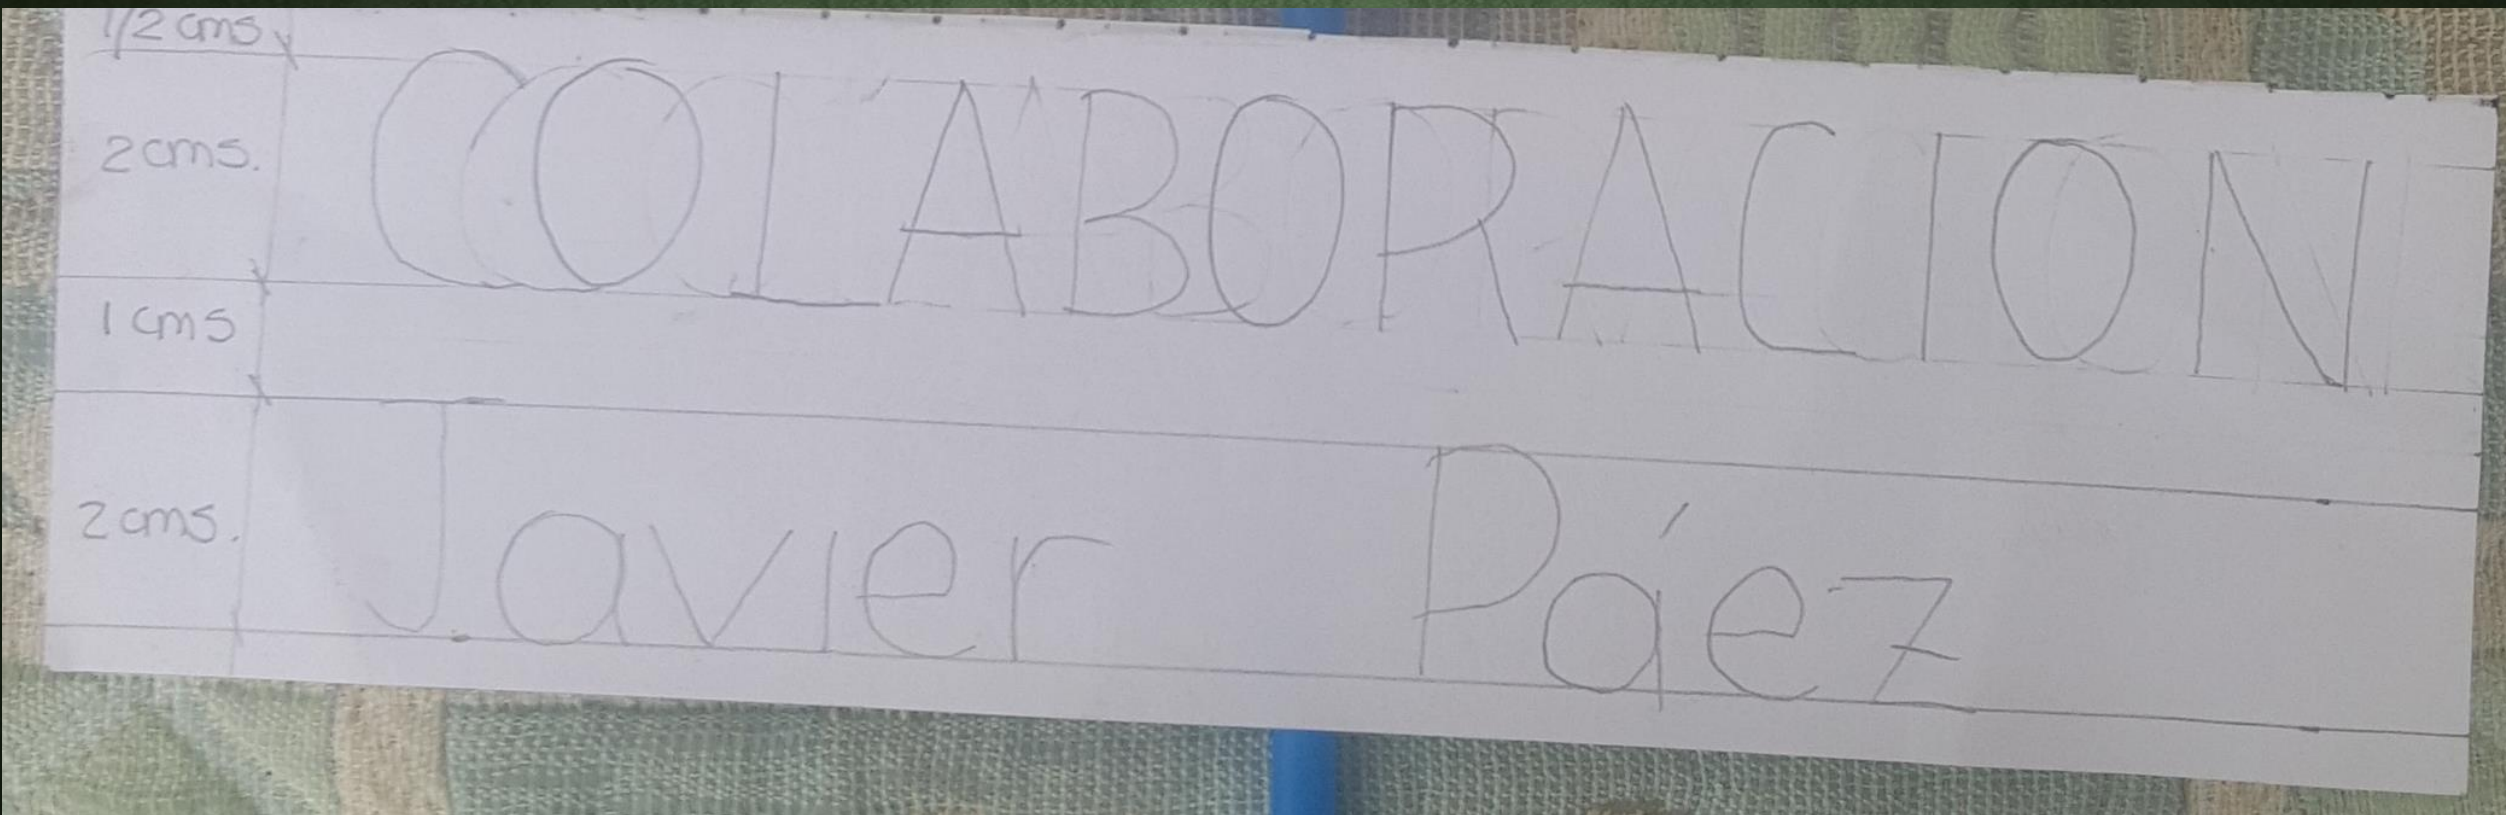

Esto es 1 centímetro.

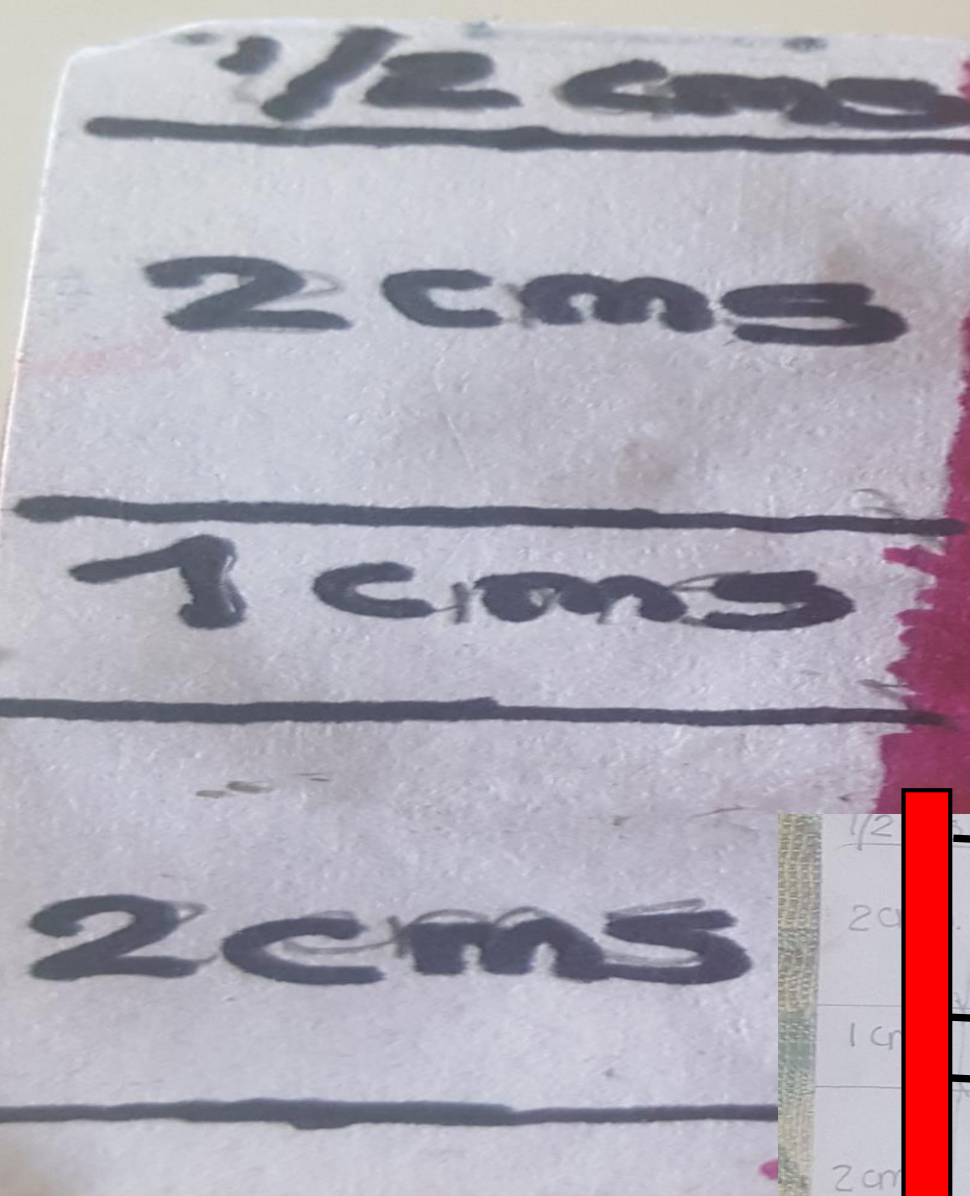

Esto son 2 centímetros.

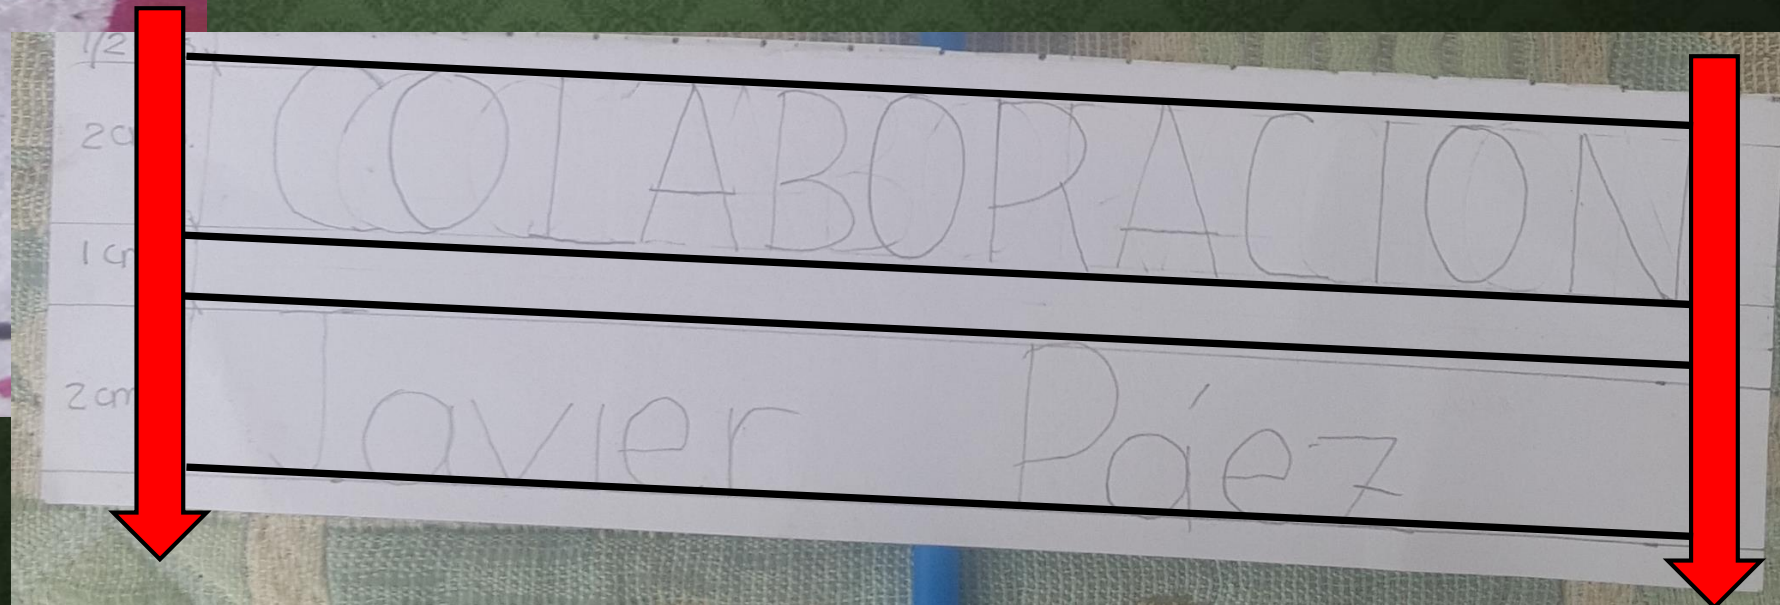

Toma el rectángulo que guardaste para hacer tu letrero del corazón.

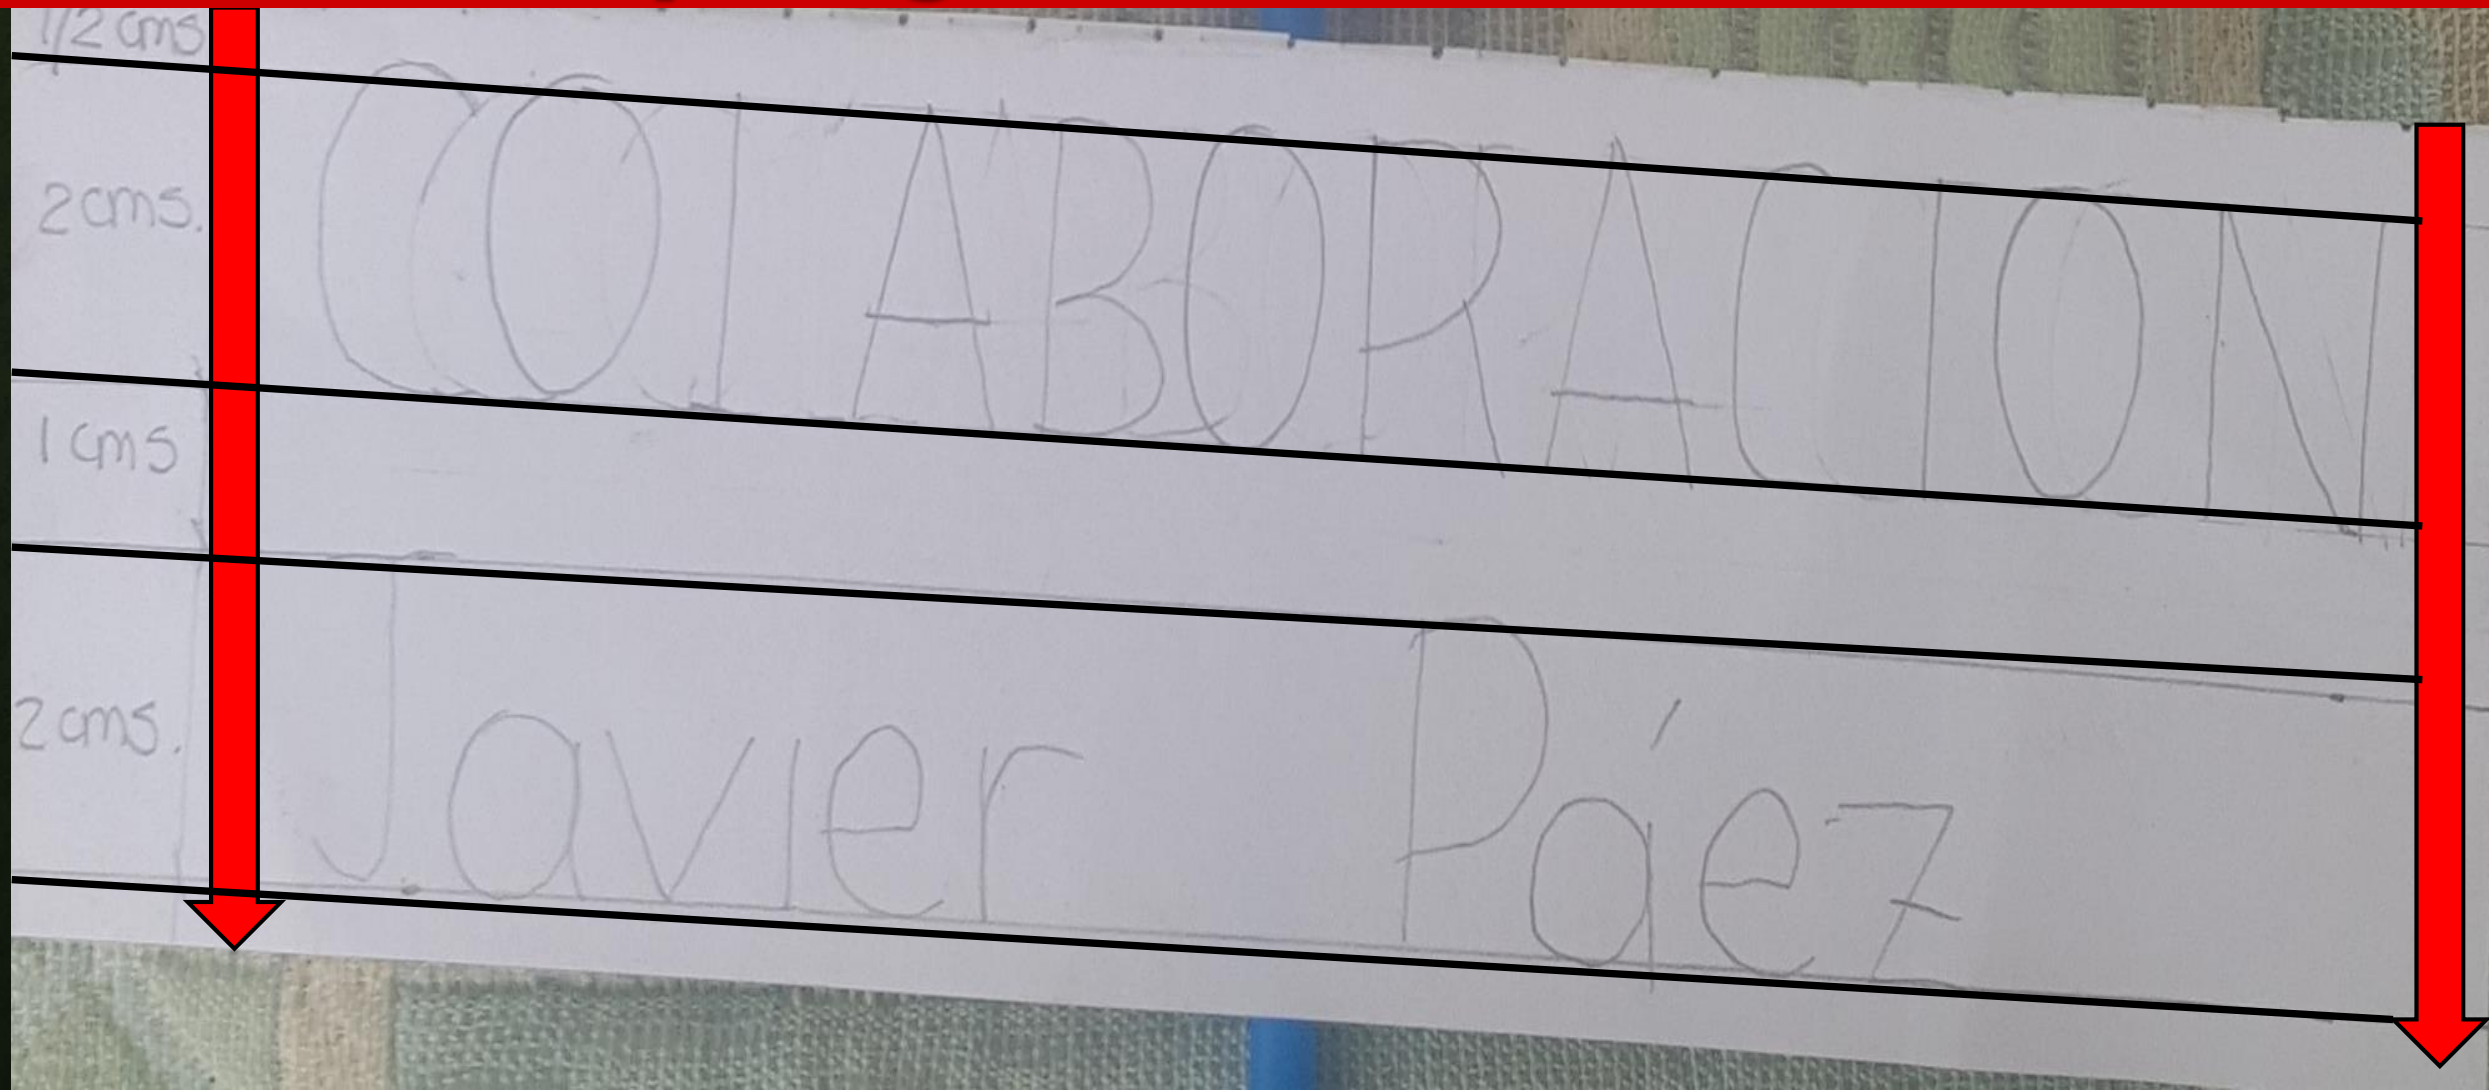

De arriba hacia abajo van a marcar con el lápiz por la izquierda y por la derecha del rectángulo, la cantidad de centímetros que se muestra en la lámina.

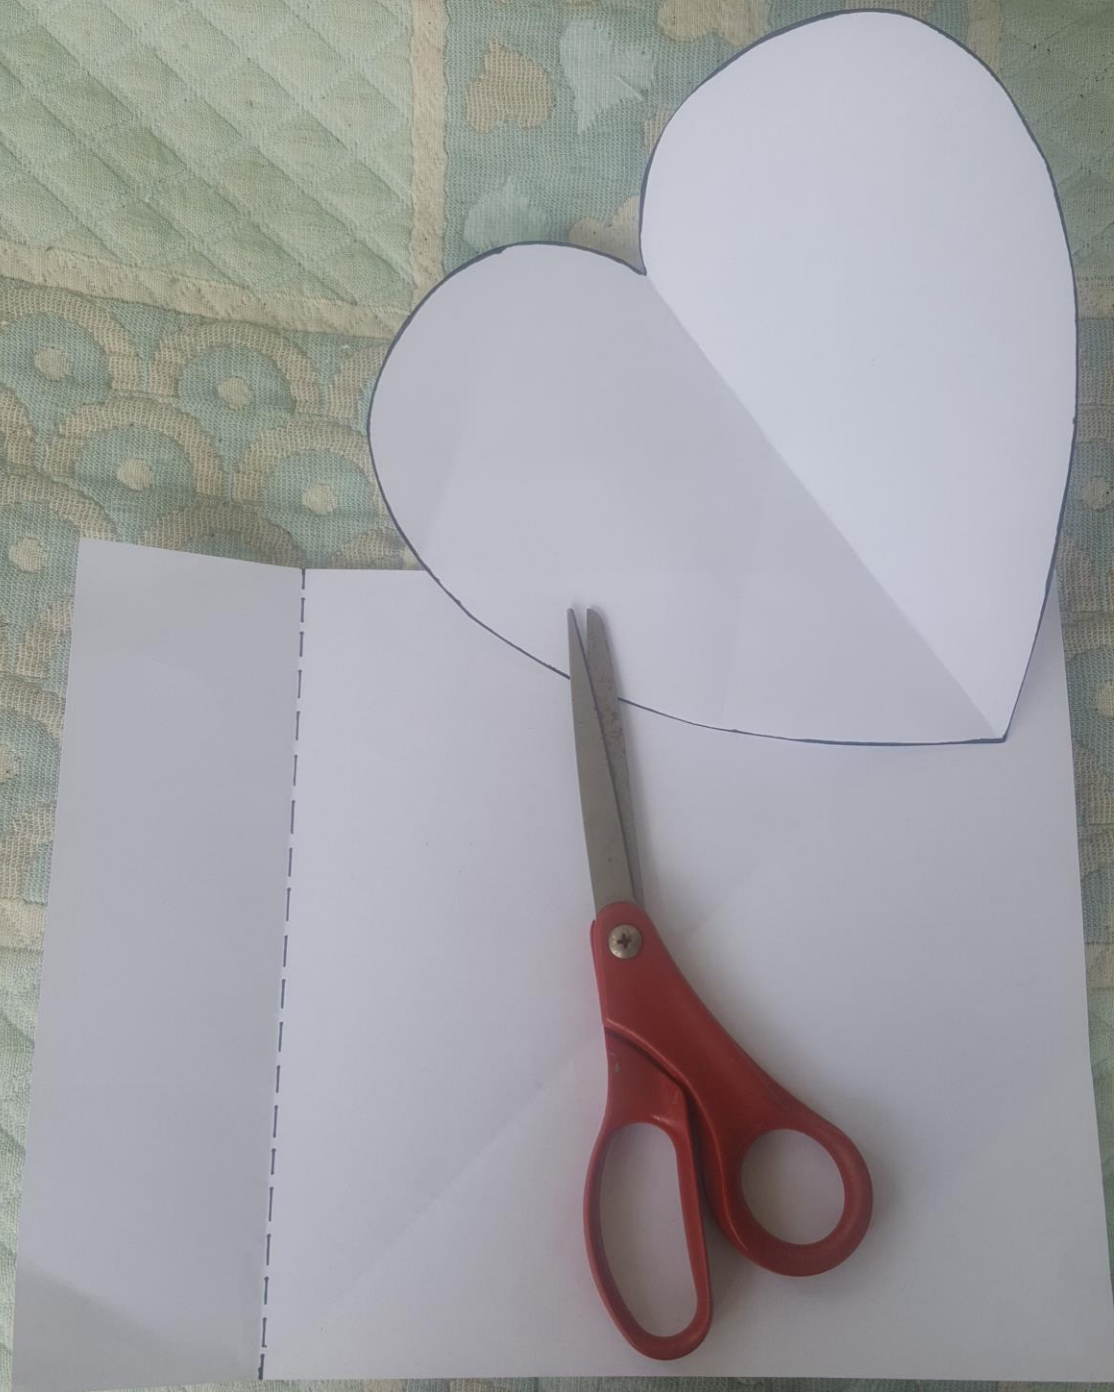

líneas que les sirve como guía para escribir sus palabras y su nombre y apellido primero a lapiz y luego con marcador.

Pinta con creyón, marcador o sellos el letrero.
